Church Management Software

- ParishSupport

ParishSupport is a 100% web-based church management software application designed to effortlessly engage, enlighten and ultimately empower your parishioners. It not only allows your parish to develop an individual relationship with members but also allows members to learn more about each other, track new events, and develop outreach programs to benefit children & adults.

Why utilize a web-based application?

- We store your database for you.
- There is no need to install any new software onto your computer.
- All data is encrypted for security.
- We provide a continuous backup of your database.
- All updates are transparent and require no effort on your part.
- It can be accessed on any internet-ready device.

Over the years, we have witnessed parish staffs as large as 30 paid/volunteer individuals contributing to member communication, staffing, contribution recording, event / volunteer coordinators, etc. Now, we are watching these same parishes trying to survive all the while being staffed with 15 paid/volunteer individuals and asked to do double the workload therefore neglecting important communication. Modern day churches are clustering, merging and in most cases more members are attending a single church location only to be falling short with communication, contributions and organizational abilities. Ultimately, the church community will pay the price.

ParishSupport was specifically designed to eliminate these challenges by utilizing technology. ParishSupport researches internal data like contribution recording, census information, giving trends, calendar events and produces instant personalized member feedback to be used as a communication tool for your members.

ParishSupport provides a secure platform for members to communicate within their own Social Network called ParishExchange. ParishExchange opens a resource of communication whereas members and church leaders can discuss topics, listen to music, explore volunteer opportunities, post service opportunities and simply inform members of church happenings.

ParishSupport firmly believes that through involvement evolves engagement.

Electronic Giving

- myEoffering

Essential Understanding of myEoffering

myEoffering (electronic giving) refers to a process whereas church contributors opt to have their financial contribution withdrawn from a checking or savings account or process their contribution through a credit card transaction.

Benefits for your Parish Community

Contributors using a form of electronic contributions tend to give more than contributors who give through traditional means. Communities using myEoffering has witnessed giving increases of over 50%. This increase occurs because contributors have an opportunity to consciously plan and pray for the amount in which they contribute NOT give whatever is left in the checkbook or pant pockets on Sunday morning. Research shows that those who plan and give their gifts monthly give 40% more than those who give whatever they want or can on a week-to-week basis.

Benefits for the Donor

Donors that give electronically, give through myEoffering because it more efficient for their household. Many donors pay their bills electronically (ACH) and/or through credit cards and use only a check for their contribution.

Donor's can use their credit card. Although no parish community supports donor debt, many families prefer to use credit cards in a responsible manner. Many prefer the security, ease of bill paying or simply collect reward points. Statistics show greater than 65% of electronic donors use credit cards and tend to give 2-3% more than ACH givers.

Donors can customize their own method of giving based on how they receive their income. (ex biweekly, semimonthly or monthly)

Donors can manage all of their giving at one time. They can plan and designate their contributions for all weekly collections, extra church collections and tuition at the same time that they pledge their regular Offertory gift.

Visit myEoffering online for more information. www.myEoffering.com

Children's Concepts

- Saints of the Catholic Church

St. Philip

Philip was one of the first chosen disciples of Jesus. One day a stranger passed him on the road and said, "Follow Me." The stranger was Jesus. Philip obeyed Jesus' command and left his home to join the twelve men whose belief and courage would change the course of world history. Philip's belief in Jesus was very strong. Philip preached Christ's message of salvation for several years in Greece and Asia Minor until 80 A.D.

St. Vincent de Paul

Vincent de Paul, born in 1580, was a priest who was most remembered for his kindness. He worked to earn money, then gave it all away to the poor. He is the patron of charitable societies. To help his work with the poor, Vincent gathered a group of men and women dedicated to God. The women of this group called themselves Sisters of Charity. The men with Vincent called themselves Priests of the Mission. He died in 1660.

St. Dominic

Dominic was born in Spain in 1170. At an early age he heard God calling him to serve humankind. Dominic became a priest and founded the Order of Friars Preachers. Dominic traveled throughout Spain and France, preaching the word of God and fighting against heretics. He was twice chosen to be a bishop. He refused because it would keep him from living the simple life of his fellow monks. Dominic died in 1221 and is the patron saint of scientists.

St. Florian

The patron saint of firefighters, Florian was a Roman army officer in Austria. Florian stopped a town from burning by throwing a single bucket of water on the blaze. He was ordered to execute a group of Christians. He refused and proclaimed that he, too, was a follower of Christ. Fearful of Florian and his Christian God, the prefect ordered him to be drowned. Later, his body was recovered and buried by a devout woman. He is invoked in prayers against damage from water and flooding and from drowning.

St. John

John was one of the original disciples. John was present at the Last Supper and was the only disciple who did not leave Jesus during His death on the cross. In the Gospel of John, Jesus tells his disciples, "Before Abraham was, I am." And He declares, "I am the way, and the truth, and the life." It shows that Jesus is not only the Jewish Messiah, but the Son of God and the Messiah for all humankind. John is known as the "beloved disciple."

St. Mark

Mark traveled as a missionary preaching the word of Christ with his cousin, St. Barnabas, and with St. Paul. His writings became the second Gospel of the New Testament, a book that records the life of Jesus as seen through the eyes of St. Peter. Mark shows the human side of Jesus. He shows us many miracles of Jesus as he walked among the people of Israel, trying to fire their imagination with the wonders and possibilities of heaven. It is believed that Mark founded the first Christian church in Alexandria.
